### India Projects & Programs

The World Bank Group's [Partnership Strategy for India \(2013-2017\)](#) will help India lay the foundations for achieving “faster, sustainable, and more inclusive growth” as outlined in the government’s 12th five year plan. The World Bank Group will support India with an integrated package of financing, advisory services, and knowledge. During the World Bank financial year (July 2013-June 2014), funding for India was \$5.2 billion (\$2.0 billion in International Bank for Reconstruction and Development (IBRD), \$3.1 billion in International Development Association and \$0.1 billion in CTF or Clean Technology Fund) across 16 projects.
